Permanent Placement Fees

If you would prefer to employ your Manny rather than become a member, we charge a one off fee of **14% of the Mannies annual Gross salary**. The Agency can supply an employment contract to families for this purpose. We strongly advise this option if you are offering over 30 hours per week and would like a long term commitment from your Manny.

It is the responsibility of the Client to pay all tax and national insurance on behalf of any permanently employed Manny. For more information on nanny tax and national insurance please visit www.nannytax.co.uk

Manny salaries are determined on a case by case basis, based on hours and responsibilities.

Trial period

All UK Permanent Placements will begin with a four week trial. The family will be invoiced a non refundable fee of £200 to cover this period before the placement commences. Should the trial be successful a second fee will be charged for the remaining balance of 14% the Mannies weekly gross salary. The family may choose to extend the trial period for another month at a further non refundable charge of £200.

International Placements

International trial periods may be determined by the families as either 2 or 4 week periods. **Full payment** of agency fees must be paid before the trial period begins. It is the families responsibility to pay all travel expenses on behalf of their new Manny.

A refund of 75% of Agency Fees will be given should the trial be unsuccessful after two weeks and a 60% refund after four weeks. After 4 weeks, if the family and the Manny agree to continue the Manny is deemed permanently placed and contract is confirmed.
